

Dear Family and Friends,

Thank you all for praying for our ministry social event last Sunday:

- ✓ the weather was just perfect- mild, not too hot, and a slight welcome rainfall at the end of the event.
- ✓ attendance was good and encouraging- old time friends from within the city and beyond showed up. Some to our utter surprise and excitement.
- ✓ the food was delicious- both African and American cuisines.
- ✓ the fellowship was warm- great conversations and people still hanged around long after the function.
- ✓ children enjoyed their session of a popular active Ghanaian game and watched slides of children from Malawi.
- ✓ the PowerPoint presentation at the end was lively and quite interactive- many interesting questions were asked covering our different ministries, socio-political life in Malawi, Christianity and other competing religions in the country; as well as, questions about our personal lives as African missionaries.

It was a very eager-to-learn group of people and we enjoyed their company. We felt that, it was a worthwhile meeting and the people got to learn more about our work in Malawi and gained a better understanding of SIM Malawi's ministry. We hope that those who were present will let the Lord renew their commitment to global outreach and seek to partner with Him in specific personal ways for the fulfillment of the Great Commission. Thanks for your faithful prayers.

We have sensed God working through your prayers, especially, during a busy month in May as we were involved in several different ministries. Bob taught adult Sunday school at our church and led devotions on a number of Wednesday nights at a local church, where we attend weekly prayer meetings and Isaac joins the youth group there.

We also visited Heather Gardens chapel to make a presentation to a community of mostly elderly people. The attendance was quite good; about 160 people attended the service and Isaac did a great job setting up and controlling the projection of the PowerPoint presentation. Our presentation was well received.

The following Sunday was also a blessed one. Grace was able to bring mission awareness to the children at Mission Hills, our church in Denver. The children present were from kindergarten to the fifth grade and it was wonderful to see them sing and dance as they performed an action song in Chichewa, the Malawian national language. The kids were also taught a Ghanaian game which they really enjoyed. It did not take too long for the children to come alive to bond with Grace and totally delighted in her presentation. She has virtually become popular among the kids at church.

We are grateful to the Lord for all the ministry opportunities thus far and thank you sincerely for all your prayers.

Please, pray for us again as we share at a Bible Study group on Saturday and at Arapahoe Road Baptist church on Sunday.

Together in His service,
Bob, Grace and Isaac Setor.
